MEMORANDUM FOR: Deputy General Counsel

SUBJECT : Nomination for Internship in
Congressional Operations

25X1A

1. I should like to nominate [redacted]
as a candidate for the Intern Program in Congressional
Operations beginning November this year.

25X1A

2. [redacted] has served as Chief, Personnel Branch,
Office of Special Activities for approximately the past
year. During this period and the preceeding two years
which constitute the whole of his assignment to the Office
of Special Activities, he has performed most effectively
and is without doubt, considered one of the outstanding
"mid-careerists" in the Office of Special Activities.

25X1A

[redacted] holds an LLB degree from the University of
Wisconsin and prior to his assignment to the Office of
Special Activities he served with the Contract Personnel
Division of the Office of Personnel for approximately five
years. As a result of his legal academic training, his
tenure in Personnel Contract Division and his diversified
experience with the Office of Special Activities, he has
become widely familiar with Agency policies, Agency philoso-
phy and its responsibility toward career employees. It is
believed that a year's internship in Congressional Opera-
tions would greatly enhance [redacted] value to the
Agency and would certainly offer him an opportunity to
broaden his knowledge of the Agency and its role in the
U.S. Government affairs to a point where he could con-
ceivably function in a legislative capacity at some future
time.

25X1A

25X1A

3. In considering [redacted] age, academic back-
ground, Agency experience and excellent past performance,
it is obvious that in this young man CIA has a distinct
and valuable long-range asset. Any additional training

25X1A

25X1A

such as the instant intern program should prove to be invaluable not only to the individual, but to the Agency. I have been advised that you are personally acquainted with [] capabilities and rather than prolong this recommendation I would defer to your judgment of [] qualifications and what the Agency stands to gain if he is selected for this highly commendable program.

for
ALBERT D. WHEELON
Deputy Director
(Science and Technology)
